

Dear Friends,

We are proud to share with you the information in this 2010 Annual Report. You are a big part of our organization and a big part of our success in putting many smiles on the faces of so many children. Smiles that are due to the amazing outcomes we see in the children we serve! Like the fact the fact that 89% of our children learned to express themselves in positive ways and over 83% improved in one or more grades. Now those statistics gets everyone smiling!

We know we need to be doing more. It is critical that we engage as many members of our community as possible in the life-changing work of Big Brothers Big Sisters of St. Joseph County. Our job won't be done until we reach our goal of providing a Big Brother or a Big Sister to every child that needs and wants one. We take this goal very seriously...it is more than words on a page. Hundreds of community volunteers are already working to make it a reality. If you are one of them, thank you. If you are not, please join us.

We are able to serve the children of this community because of the commitment of our volunteer Big Brothers and Big Sisters, a dedicated board of directors, skilled staff and countless generous supporters. It is with gratitude to these kind and devoted friends that we are able to share our success.

Respectfully,

Deborah Burrow
Executive Director

Sam Roule
Board President

Our mission
is to provide children facing adversity with strong and enduring, professionally supported one-to-one relationships that change their lives for the better, forever.

Our vision
is that all children achieve success in life.

“Adult former Little Brothers and Sisters reported that having a Big Brother or Sister mentor as a child helped them achieve key life goals such as obtaining a four-year college degree and being engaged in their communities as adults.”
